What a great company! Highly recommend! Really good price, tents were exactly as pictured. Beds super comfy, everything was clean! Couldn't have asked for a better weekend camping! Set up and set down was really quick and David was so accommodating throughout! Thank you Beau & Bell!

We were so, so glad we went with Beau & Bell – they were great from start to finish. Special shout out to Jade who came and put the tents up for us – even bringing an extra one in case there were any guests who decided they didn't want to get in their taxi home (and there was!!) Well priced, great communication and they really looked great. Couldn't recommend more!

Alice

We had Beau & Bell for our festival wedding! The tents were lovely, put up quickly and easily, and our guests loved them. They're very well priced and were great at communicating! I highly recommend them and would use them again for other events.

Erin

Beau & Bell supplied bell tents for our festival wedding – they looked amazing lining the camping field and everyone had a great nights sleep. The service was brilliant and they were able to accommodate us at very short notice – highly recommended.

Donal

David was very quick to respond to any query. The set up and quality of the tents was superb. We had 13 tents with a variety of combinations and bedding packs, and all was set up perfectly in the order and layout specified. I would heartily recommend Beau & Bell.
